Hi,

Payment received, Thanks ! :)

Here is your Online Bootloader Flasher account informations :

IP: 78.194.150.10

Login : post@stone-oakvalley-studios.com

Pass : zOfFLE8o

Initial quantity : 1

Online Bootloader Flasher software with the instructions (README.TXT) :

http://hxc2001.com/download/floppy_drive_emulator/STM32_SerialBridge.zip

The Firmware (usable once you got the bootloader into the device) :

http://hxc2001.com/download/floppy_drive_emulator/HXCFEUSB_HFE_firmware.zip

For tools, file selectors, firmware update and other stuffs :

http://hxc2001.com/download/floppy_drive_emulator/index.html#stm32hxc

And there you can find some usages instructions and others stuffs about this firmware :

<http://torlus.com/floppy/forum/viewtopic.php?f=33&t=1683>

Have Fun ! :)

Best Regards,
Jean-François DEL NERO

Hi,

Just send me 10 Euros per one device to jeanfrancoisdelnero@free.fr:
(paypal)

The procedure is there :

Hi,

This page:

http://hxc2001.free.fr/floppy_drive_emulator/index.html

mentions:

USB Stick STM32 HxC Floppy Emulator (beta):

"The following elements allow you to program the low cost Gotek USB Floppy Emulator with the HxC bootloader & Firmwares.

Contact me by email to get an account on the update server."

Is that an account which can be provided?

I bought probably off Ebay or from your website in January 2011 (possibly december 2010) one of those SDCard HxC Floppy Emulator which I currently use for my Atari ST. I have since then lost all my emails in a HDD crash. Are you able to find my account info in some way from that time period. My shipping adress was probably Stein Eikesdal, P.B.11 (or Åmsosen), N-5578 Nedre Vats and emails from this same email adress I have today.

Can that account be used for the STM32 HxC account as well?

I'm about to update my Gotek drive with the STM32_SerialBridge.zip, but it asks for an account...

Or is it something I have to purchase one-time only for the STM32?
